 The South Yorkshire EcoNet

With the ***Uplands, Peatlands & Raptors conference***, to be held in Sheffield in early September, we will address the hugely controversial issues of why Britain has lost its upland hen harriers, and much more besides. This is a major national conference with relevance to wider international issues as well. This landmark event will bring together key academics and practitioners to examine the ecological and conservation issues of raptors on uplands generally, and peatlands specifically, from bogs to heather moors.

This is the first of two major events, the second being a 3-day national conference in **2017**, on ***issues for the conservation of birds of uplands & peatlands***.

We welcome displays and posters on suitable topics from local community groups as well as from regional, national and international bodies. We also welcome posters from early-career researchers as well as the more established. Please contact christine@hallamec.plus.com to discuss your ideas in the first instance as space is limited.

The first day (9th September) will be a full day of presentations. The following day (Saturday 10th September) will have plenary sessions in the morning followed by an after-lunch poster presentation and discussion forum in the early afternoon. Later in the afternoon there will be a field visit by coach / own transport to the Peak District aiming to return to Sheffield in the evening.

Confirmed speakers so far include: Mark Avery, Stephen Murphy, David Cobham, Barry O'Donoghue, Bill Hale, Alan Firth and Cat Barlow.

Details of the outline programme will be available on the events page of our website www.ukeconet.org (follow the link from the front page of the website).

Cancellation fees: Full fee payable if cancellation is within 2 weeks of the event; 50% payable if within 3 weeks; 25% payable if cancellation within 4 weeks; over 4 weeks – full fee will be refunded minus a small administration charge.

Booking Forms and all enquiries to:

Conference Team, BaLHRI / BRG, Venture House, 103 Arundel Street, Sheffield, S1 2NT, UK
